## Operating Report

For the Year Ended 31 December 2022

The Committee of Management present their report on Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch ("the Union") for the financial year ended 31 December 2022.

### Names of committee of management members and period positions held during the financial year

The names of each person who has been a Committee of Management member during the year:

Name	Position	Period of Appointment
Ricky Gale	Honorary District President	1/1/2022 - 31/12/2022
Brent Ashman	Committee Member	1/1/2022 - 31/12/2022
Pren Cetaj	Committee Member	1/1/2022 - 31/12/2022
Darren Redshaw	Committee Member	1/1/2022 - 31/12/2022

### Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activities of Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch during the financial year were:

- Representing individual members in grievance disputes with employers. The level of activity in this area was consistent with the previous year's activity.
- Representing groups of members at various workplaces regarding disputes with employers.
- Negotiating Collective Bargaining Agreements resulting in increased wages and conditions for members covered by those Agreements. Agreements were renegotiated as they expired and new agreements were entered into. The number of members covered by Collective Bargaining Agreements was at approximately the same level as the previous year.
- Providing Union Delegates and Worksite Committee members with training and education to enable them to better represent members in the workplace. There was an increased in the amount of training provided to delegates and the number of delegates accessing that training.

No significant changes in the nature of the Union's activity occurred during the financial year.

The surplus of the Union amounted to \$6,721 (2021: \$21,684).

---

## Operating Report

For the Year Ended 31 December 2022

A review of the operations and results of the Union is performed in the meetings of the Executive officers and by the Committee of Management. Additionally, such matters are considered periodically at a regular meeting of the General Officers of the Union. The Committee of Management believe that they have furthered the interests of their members throughout the financial year through the conducting of the Union's principal activities.

### Significant changes in financial affairs

In 2021, the Mining and Energy Division ("MEU") of the Construction, Forestry, Maritime, Mining and Energy Union (CFMMEU) made an application to the Fair Work Commission (FWC) for a ballot of members, to decide whether to withdraw from the (CFMMEU). As the Tasmanian District Branch (the Union) is a District Branch of the MEU, and the Union also forms part of this withdrawal application, the application was dismissed by the FWC in September 2021 on jurisdictional grounds. The MEU applied to the Federal Court of Australia for a judicial review of the FWC decision. On 8 August 2022, the Federal Court dismissed that application. On 15 September 2022, a new application for a ballot of members to withdraw from the CFMMEU was made to the FWC. That application was heard by a Full Bench of the FWC on 20 December 2022 and 1 March 2023. A decision to enable a ballot of members was made on 3 April 2023 by the Full Bench of the FWC.

Should the subsequent ballot of members vote in favour of the MEU's withdrawal from CFMMEU, the substance of the withdrawal will be that the existing operations and finances will not change. All financial reporting elements are expected to continue, without adjustment, with the newly constituted Union, as a separately registered union, rather than as a Divisional Branch of the CFMMEU. There are not expected to be any changes to the reported values of any assets, liabilities, revenues expenses or items of equity.

There have been no other significant changes in the financial affairs of the Union during the year.

### Right of members to resign

Section 174 of *Fair Work (Registered Organisations) Act 2009* states that a member of the Union may resign from membership by written notice addressed and delivered to the State Secretary giving two weeks' notice.

### Officers or employees who are superannuation fund trustee(s) or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisations a criterion for them holding such a position

No officers or employees were superannuation fund trustee(s) or directors of a company that is a superannuation fund trustee during the financial year.

### Number of members

The number of persons that were members of the Union at 31 December 2022 was 105 (2021: 106).

---

## Committee of Management Statement

For the year ended 31 December 2022

On 5 May 2023, the Committee of Management of the Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch ("the Union"), passed the following resolution in relation to the general purpose financial report for the financial year ended 31 December 2022:

The Committee of Management declares that in its opinion:

- a) the financial statements and notes comply with the Australian Accounting Standards;
- b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* ("the RO Act");
- c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the reporting unit for the financial year to which they relate;
- d) there are reasonable grounds to believe that the reporting unit will be able to pay its debts as and when they become due and payable; and
- e) during the financial year to which the general purpose financial report relates and since the end of that year:
  - i. meetings of the Committee of Management were held in accordance with the rules of the organisation including the rules of a branch concerned; and
  - ii. the financial affairs of the reporting unit have been managed in accordance with the rules of the organisation including the rules of a branch concerned; and
  - iii. the financial records of the reporting unit have been kept and maintained in accordance with the RO Act; and
  - iv. where the organisation consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each or the other reporting units of the organisation; and
  - v. where information has been sought in any request by a member of the reporting unit or General Manager duly made under section 272 of the RO Act, it has been provided to the member or General Manager; and
  - vi. where any order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act, there has been compliance.

This declaration is made in accordance with a resolution of the Committee of Management.

.....  
Ricky Gale

Honorary District President

Dated: 5 May 2023

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 1 Basis of Preparation

These general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisations) Act 2009*. For the purpose of preparing the general purpose financial statements the Union is a not-for-profit entity.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position.

The financial statements are presented in Australian dollars which is the entity's functional and presentation currency.

Where required, comparative figures have been adjusted to conform with changes in presentation in the current financial year.

### 2 Summary of Significant Accounting Policies

#### (a) Revenue and other income

##### Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Union expects to receive in exchange for those goods or services.

Revenue is recognised by applying a five-step model as follows:

1. Identify the contract with the customer
2. Identify the performance obligations
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Recognise revenue as and when control of the performance obligations is transferred

Generally the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

# Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch

ABN: 23 112 347 338

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 2 Summary of Significant Accounting Policies (continued)

#### (a) Revenue and other income (continued)

##### Revenue from contracts with customers (continued)

None of the revenue streams of the Union have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

##### Specific revenue streams

The revenue recognition policies for the principal revenue streams of the Union are:

##### *Membership income*

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Union.

There is only one distinct membership service promised in the arrangement. Accordingly, the Union recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Union promise to stand ready to provide assistance and support to the member as required.

When a member subsequently purchases additional goods or services from the Union at their standalone selling price, the Union accounts for those sales as a separate contract with a customer.

##### *Interest revenue*

Interest is recognised using the effective interest rate method.

#### (b) Income Tax

The Union is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997*, however still has an obligation for Fringe Benefits Tax (FBT).

#### (c) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, on-demand deposits and short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

# Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch

ABN: 23 112 347 338

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 2 Summary of Significant Accounting Policies (continued)

#### (d) Financial instruments

The Union classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the Union has made an irrevocable election at the time of initial recognition to account for the equity instrument at fair value through other comprehensive income.

Subsequent measurement of debt instruments depends on the Union's business model for managing the asset and the cash flow characteristics of the asset. All the Union's debt instruments are classified as amortised cost, whereby all assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. These are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

The Union subsequently measures all equity instruments at fair value. Where the Union's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the statement of profit or loss and other comprehensive income as applicable.

#### *Impairment*

The Union assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost. The impairment methodology applied depends on whether there has been significant increase in credit risk. Note 11 details how the Union determines whether there has been a significant increase in credit risk.

# Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch

ABN: 23 112 347 338

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 2 Summary of Significant Accounting Policies (continued)

#### (d) Financial instruments (continued)

For trade receivables, the Union applies the simplified approach permitted by AASB 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### (e) Impairment of non-financial assets

At the end of each reporting period the Union determines whether there is an evidence of an impairment indicator for non-financial assets.

Where an indicator exists and regardless for indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss.

#### (f) Capitation fees

Capitation fees and levies are recognised on an accrual basis and recorded as an expense in the year to which it relates.

#### (g) Adoption of new and revised accounting standards effective this financial period

The Union has adopted all standards which became effective for the first time during the year 31 December 2022, none of the new standards had a material impact on the reported financial position, performance or cash flow of the union.

# Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch

ABN: 23 112 347 338

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 2 Summary of Significant Accounting Policies (continued)

#### (h) New Accounting Standards and Interpretations not yet adopted

Certain new accounting standards have been published that are not mandatory for 31 December 2022 reporting periods and have not been early adopted by the Union. These standards are not expected to have a material impact on the Union in the current or future reporting periods and on foreseeable future transactions.

#### (i) Proposed withdrawal from the CFMMEU

In 2021, the Mining and Energy Division (“MEU”) of the Construction, Forestry, Maritime, Mining and Energy Union (CFMMEU) made an application to the Fair Work Commission (FWC) for a ballot of members, to decide whether to withdraw from the (CFMMEU). As the Tasmanian District Branch (the Union) is a District Branch of the MEU, and the Union also forms part of this withdrawal application, the application was dismissed by the FWC in September 2021 on jurisdictional grounds. The MEU applied to the Federal Court of Australia for a judicial review of the FWC decision. On 8 August 2022, the Federal Court dismissed that application. On 15 September 2022, a new application for a ballot of members to withdraw from the CFMMEU was made to the FWC. That application was heard by a Full Bench of the FWC on 20 December 2022 and 1 March 2023. A decision to enable a ballot of members was made on 3 April 2023 by the Full Bench of the FWC.

Should the subsequent ballot of members vote in favour of the MEU’s withdrawal from CFMMEU, the substance of the withdrawal will be that the existing operations and finances will not change. All financial reporting elements are expected to continue, without adjustment, with the newly constituted Union, as a separately registered union, rather than as a Divisional Branch of the CFMMEU. There are not expected to be any changes to the reported values of any assets, liabilities, revenues expenses or items of equity.

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 3 Critical Accounting Estimates and Judgments

The Committee of Management make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below:

#### *Key estimates - useful lives of depreciable assets*

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain property, plant and equipment.

# Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch

ABN: 23 112 347 338

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 5 Result for the Year

The result for the year includes the following specific expenses:

	2022	2021
	\$	\$
<b>Capitation fees</b>		
Construction Forestry Maritime Mining Energy Union - Mining & Energy Division - National Office	27,748	33,202
Special Administration Funds paid to Construction Forestry Maritime Mining Energy Union - Mining & Energy - National Office	5,493	6,540
	<u>33,241</u>	<u>39,742</u>
<b>Donations</b>		
Donations less than \$1,000	1,300	500
	<u>1,300</u>	<u>500</u>
<b>6 Cash and Cash Equivalents</b>		
Cash at bank	<u>238,241</u>	<u>219,977</u>
<b>7 Trade and Other Receivables</b>		
Trade receivables from contracts with customers	880	1,514
Provision for impairment	-	-
Other receivables	-	134
	<u>880</u>	<u>1,648</u>

The carrying value of trade receivables is considered a reasonable approximation of fair value due to the short-term nature of the balances.

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable in the financial statements.

# Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 7 Trade and Other Receivables (continued)

#### (a) Impairment of receivables

The Union applies the simplified approach to providing for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The loss allowance provision as at 31 December 2022 is determined as follows, the expected credit losses incorporate forward looking information.

	Current	> 30 days overdue	> 90 days overdue	Total
<b>31 December 2022</b>				
Expected loss rate (%)	-	-	-	-
Gross carrying amount (\$)	880	-	-	880
ECL provision	-	-	-	-
<b>31 December 2021</b>				
Expected loss rate (%)	-	-	-	-
Gross carrying amount (\$)	1,514	-	-	1,514
ECL provision	-	-	-	-

<b>Total financial liabilities</b>		<b>66,267</b>	<b>55,440</b>

#### Liquidity risk

Liquidity risk arises from the Union's management of working capital and the finance charges and principal repayments on its debt instruments. It is the risk that the Union will encounter difficulty in meeting its financial obligations as they fall due.

The Union's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due.

The Union's liabilities have contractual maturities which are summarised below:

	Less than 1 year	
	2022 \$	2021 \$
Trade and other payables	66,267	55,440

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 11 Financial Risk Management (continued)

#### Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Union. Credit risk arises from cash and cash equivalents, arising from deposits with banks and financial institutions, as well as credit exposure to customers, including outstanding receivables and committed transactions.

The Union has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due. The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks.

The Union does not have any material credit risk exposure to any single receivable or group of receivables.

#### Market Risk

The Union is not exposed to a material level of interest rate risk or equity price risk.

### 12 Key Management Personnel Remuneration

The remuneration paid to key management personnel of Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch during the year is as follows:

	2022	2021
	\$	\$
Short-term employee benefits	8,576	13,625

	\$	\$
Remuneration of the auditor for audit of financial report:		
- Daley Audit	<u>5,100</u>	<u>4,990</u>

### 14 Fair Value Measurement

#### Fair value hierarchy

AASB 13 *Fair Value Measurement* requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

Level 1	Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3	Unobservable inputs for the asset or liability.

The table below shows the assigned level for each asset and liability held at fair value by the company:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
<b>31 December 2022</b>				
<b>Recurring fair value measurements</b>				
<b>Financial assets</b>				
Unlisted Shares	-	-	10	10
<b>31 December 2021</b>

ABN: 23 112 347 338

---

## Notes to the Financial Statements

For the Year Ended 31 December 2022

### 14 Fair Value Measurement (continued)

#### Level 3 measurements

The Committee of Management believe that the fair value of these shares is equal to the cost that was paid for them, as they have no right to variable return for the entities.

#### Net fair value

The fair values of financial assets and financial liabilities are materially consistent with their carrying values as presented in the balance sheet. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair values derived may be based on information that is estimated or subject to judgment, where changes in assumptions may have a material impact on the amounts estimated.

### 15 Contingencies

In the opinion of the Committee of Management, the Union did not have any contingencies at 31 December 2022 (31 December 2021: None).

### 16 Related Parties

#### (a) Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Union, directly or indirectly, including any Committee of Management member (whether executive or otherwise) of that Union is considered key management personnel.

For details of disclosures relating to key management personnel, refer to Note 12: Key Management Personnel Compensation.

#### (b) Related party balances

*Refer to Note 10 for payables to other reporting units.*

*Refer to Note 7 for receivables to other reporting units.*

## Independent Audit Report to the members of Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch

### Report on the Audit of the Financial Report

#### Opinion

We have audited the financial report of Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch (the Union), which comprises the balance sheet as at 31 December 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, and the committee of management statement, the subsection 255(2A) report and the officer declaration statement.

In our opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of the Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch as at 31 December 2022, and its financial performance and its cash flows for the year ended on that date in accordance with:

- i. the Australian Accounting Standards; and
- ii. any other requirements imposed by the reporting guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

We declare that management's use of the going concern basis in the preparation of the financial statements of the Union is appropriate.

#### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Union in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

## **Independent Audit Report to the members of Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch**

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Information Other than the Financial Report and Auditors Report Thereon**

The Committee of Management is responsible for the other information. The other information obtained at the date of this auditor's report is in the operating report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Committee of Management for the Financial Report**

The Committee of Management of the Union is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the Committee of Management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee of Management is responsible for assessing the Union's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee of Management either intend to liquidate the Union or to cease operations, or have no realistic alternative but to do so.

## **Independent Audit Report to the members of Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch**

### **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Union's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee of Management .
- Conclude on the appropriateness of the Committee of Management use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Union's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Union to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

## **Independent Audit Report to the members of Construction Forestry Maritime Mining and Energy Union - Mining and Energy Division - Tasmanian District Branch**

We communicate with the Committee of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

I declare that I am an auditor registered under the RO Act.
